Daintree is nature's kingdom, a gem in Australia's crown of natural icons. Fan palms; Flying Paradise Kingfishers; tree frogs; butterflies of every hue and colour; Rainbow Lorikeets; entwining strangler figs; rampant climbing vines set by crystal streams flowing into a tropical sea.

The remote natural magnificence of Cape Tribulation and Daintree Wet Tropics is far from the glitz of civilisation and brings both awe and peace - a true solace to the soul.
